

For Educators: Getting Started with Biblionasium

Group Settings

Limit Book SEARCH to ONLY Children's Titles?
 Yes No

Students can post custom Recommendation Messages?
 Yes No

Students' Book Reviews can be shared?
 Yes No

Admin/Teacher must approve review before it is shared?
 Yes No

Make Book Trailers, Author Interviews and other related videos available to this group?
 Yes No

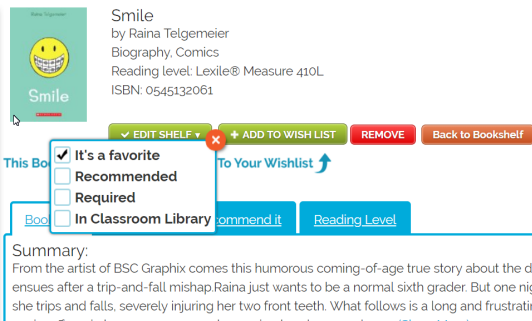

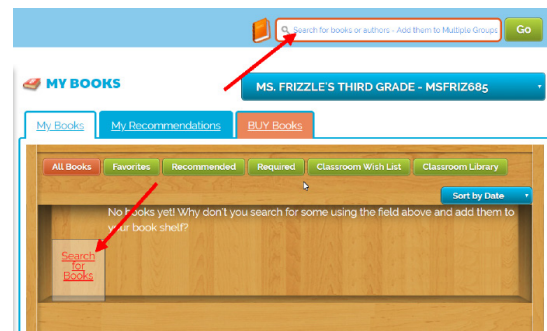

Allow Students to send Recommendations to All Students?
 Yes No

Step 1: Review Your Group Settings

- Go to **Groups**, select your group and visit **Group Settings**.
- Check your default **Review Sharing** settings and adjust any other settings as necessary.

Step 2: Add Books to Your Group Shelf

- Click on **Search for Books** from the group bookshelf or use the **Search Bar** at the top of the page.
- Type in a title, author or keyword to find your favorite books.

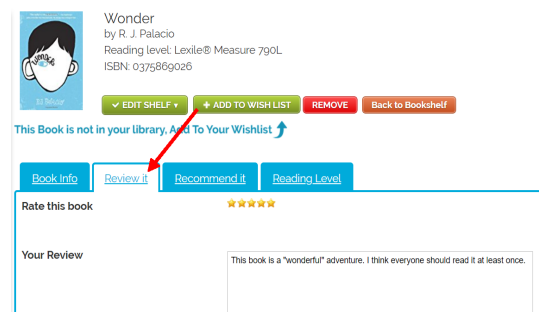

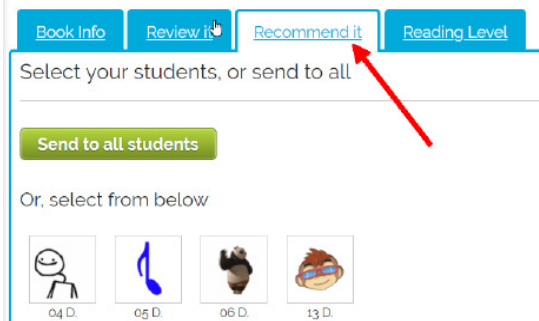

Step 3: Tag Books to Organize Your Shelves

- When you add a book, you'll be prompted to select a **Tag**: Favorite, Recommended, Required or In Classroom Library.
- Tags assign books to corresponding **shelves** in your group.

Step 4: Write Book Reviews

- Let your students know which books are the best to read by clicking **Review It** under your favorite titles.
- Books can be rated between 1-5 stars, and you can add your own custom message.

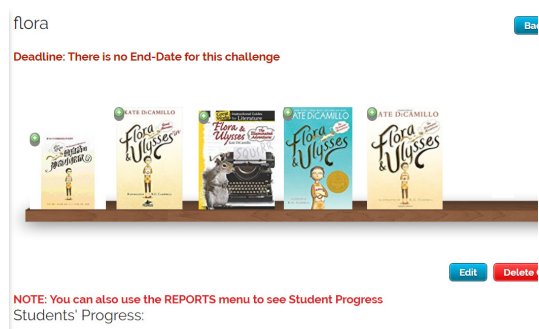

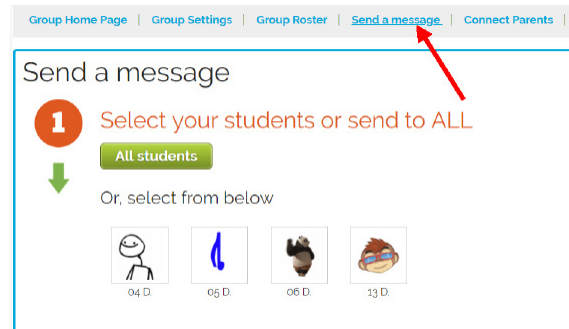

Step 5: Send Book Recommendations

- After selecting a title, click on the **Recommendation Tab**.
- Send a recommendation to one or more students and let them know how much you think they'll enjoy this book.

Step 6: Send a Group Message

- When you visit one of your groups, you'll find an option to **Send a Message**.
- You can use this feature to alert students to a new challenge, send notes of encouragement, etc.

Step 7: Set Up a Reading Challenge

- Our **Challenges** feature gets your students competing against themselves, or each other, to read more.
- You can create a challenge based on genre, number of minutes, number of pages, your choice of books, or books you choose from a larger list.

Step 8: Track Student Progress with Reading Logs & Reports

- Our **Reports** feature allows you to track your class's progress through a number of metrics.
- Example: Running a report on student **Reading Logs** will help you see at a glance which books your students are reading and how long they're spending on each book.

Report for 01 Des-Teacher_123's class(es)

Aug 1, 2017 - Apr 17, 2018
